

Arizona License Plate Society SCRAPBOOK

On April 8 2017, 44 people (36 members, 8 guests) attended our spring meet in the legendary town of Tombstone! The STORE of Tombstone and Ed and Roxanne Williams were our hosts. Thank you always to everyone who attended. Other than a few wind gusts, the weather was perfect. We searched all over for plates for our collection, and explored the store for unique treasures. At 11:00 am, the Rose Festival Parade went through town and several people went to watch the parade. The display theme of 'Plates with a History Reference' brought several fine displays. First place went to **Charlie Smith**, second went to **John Desilets**, and third place went to **Eric Sundius**. The Long Distance Award went to ALPCA's true nomad, Joe Koehler. After the met a few of us toured the historic Jeff Milton house, one of Tombstone's original (but lesser known) lawmen. We still have four more meets this year, see you next time around!
