

Arizona License Plate Society

SCRAPBOOK

On September 26, 2015, 85 people (64 members, 21 guests) attended our fall meet at the Arizona Open Wheel Racing Museum in Phoenix. Thanks to all who attended. As usual, there were lots of license plates that went home with new owners, and everyone had a great time. This set an attendance record for a September meet. Our display theme of "Plates Registered to myself or a relative" brought three winners – **Paul Debelling** took first place, **Wally Punzmann** second, and **Bob LaBrash** third. **John Read** from Massachusetts was our ALPCA member who traveled the longest distance to attend. The Open Wheel Racing Museum is a great tribute to the racing history around Arizona, and yet another new site for ALPS.
