I learned about the club through my pops, Mel Taylor

**What plates do you collect and which are your favorites? Where do you get most of your plates?**

I currently am after cool looking passenger and motorcycle for display. As for acquiring new plates, I have been getting mine lately at the regional meets.

**Do you have tips for newer members on the best places to acquire plates?**

No, not really.... I'm still trying to figure it out for myself!

**How often do you make it to Arizona License Plate Society events?**

We try to make it to at least 3-4 meets per year.

**Which plate in your collection has the best story?**

Probably the plates that came off of my sons cars that they have wrecked.

I have about 300-400, a mixture of passenger and motorcycle. I need to finish my USA motorcycle run.
