

Arizona License Plate Society

SCRAPBOOK

On June 11, 2016, 29 people (21 members and 8 guests) attended our meet in Lakeside. Special thanks to **Mel and Linda Taylor**, as well as **Mark and Atella Scott** who were wonderful hosts for this meet outside the heat of the city. The temperature probably didn't go above 85 degrees the whole day, and the shade of the pines reminded us there are cool places to visit in Arizona during the summer. The Rainbow Lake Bears greeted everyone and provided protection from wild animals and garage sale seeking people. Friday night had campfire, Smores, music from **Mark Scott**, plate stories, drinks, and an evening under the stars. For Saturday, We had five great displays for our category of "Plates with Trees", and **Clark Wothe** won 1st, **Wally Punzmann** won 2nd, and **Mel Taylor** won 3rd. **Scott Broady** finally took home the long distance award. Scott has traveled from San Francisco to many of our meets over the years and has never won the Long Distance Award, until today. Congrats Scott!
