

# Arizona License Plate Society S C R A P B O O K

On August 6, 2016 – 53 people (43 members, 10 guests) attended our summer license plate meet in Tucson at Barrio Brewing Company. Thanks to everyone who attended. ALPS works to find new and interesting sites to visit, and Barrio is the latest in a string of first-time locations to keep things interesting. As usual, many plates changed hands, and members came from as far away as Florida, Kentucky, New Jersey, California, and New Mexico to attend. The display theme of ‘Tabs, Toppers, Frames, and Attachments’ brought five cool displays, but first place went to **Ken Fite**, second place to **Dave Pinter**, and third to **Dean Sandvold** – this means of course that all three awards were won by Tucson members at their local meet! The Long Distance Award went to **Don Mettler** of New Jersey. We hope everyone had a chance to walk next door to the tasting room and try some local micro-brew – and better yet – take home a six pack!
