I learned about the club through Bob LaBrash

What plates do you collect and which are your favorites? Where do you get most of your plates?

I collect Arizona plates as well as 1932 plates to go with our 1932 DeSoto. I get most of my plates at swap meets and antique stores.

Do you have tips for newer members on the best places to acquire plates?

You must do a lot of sales and get tips from the other collectors.

How often do you make it to Arizona License Plate Society events?

I make it to as many meets as possible!

Which plate in your collection has the best story?

My 1932 Arizona copper license ZH81 – It was in a small antique shop in Kansas mixed with other license plates. Only \$12.00!

I have about 150 plates from all over the USA

Do you display your plates?

Yes, I display my plates on my garage wall, on one whole side.

What other non-license plate hobbies do you have?

My dad founded a dog license tag club – animal not military tags. I also collect bicycle licenses and all Pre-Arizona statehood items.
