How did you start collecting plates? Was there someone who was your mentor?

I started collecting in 2019, when my dad gave me his car's old plate. Terry Gulick (#166 – Vermont ALPCA Member)

How did you hear about the Arizona Regional?

Steve Benson's card was taped to the back of a plate I got at an antique store

What plates do you collect and which are your favorites? Where do you get most of your plates?

I like collecting many types. But right now I am working on an Antique Vehicle plate run. I get most license plates from all the generous members of ALPS and neighbors who live by me.

Do you have tips for newer members on the best places to acquire plates?

In my experience, just asking around in the neighborhood or wherever helps. You can also find plates for a good price at ALPS meets.

How often do you make it to Arizona License Plate Society events?

I make it to about four plate meets a year

Which plate in your collection has the best story?

I went antiquing in hopes of finding a good plate. And got a pretty good 90's Nevada plate ending in BCJ, a few months later, I got another in the BCJ series!

How many plates are in your collection? What types? What do you wish you had more of?

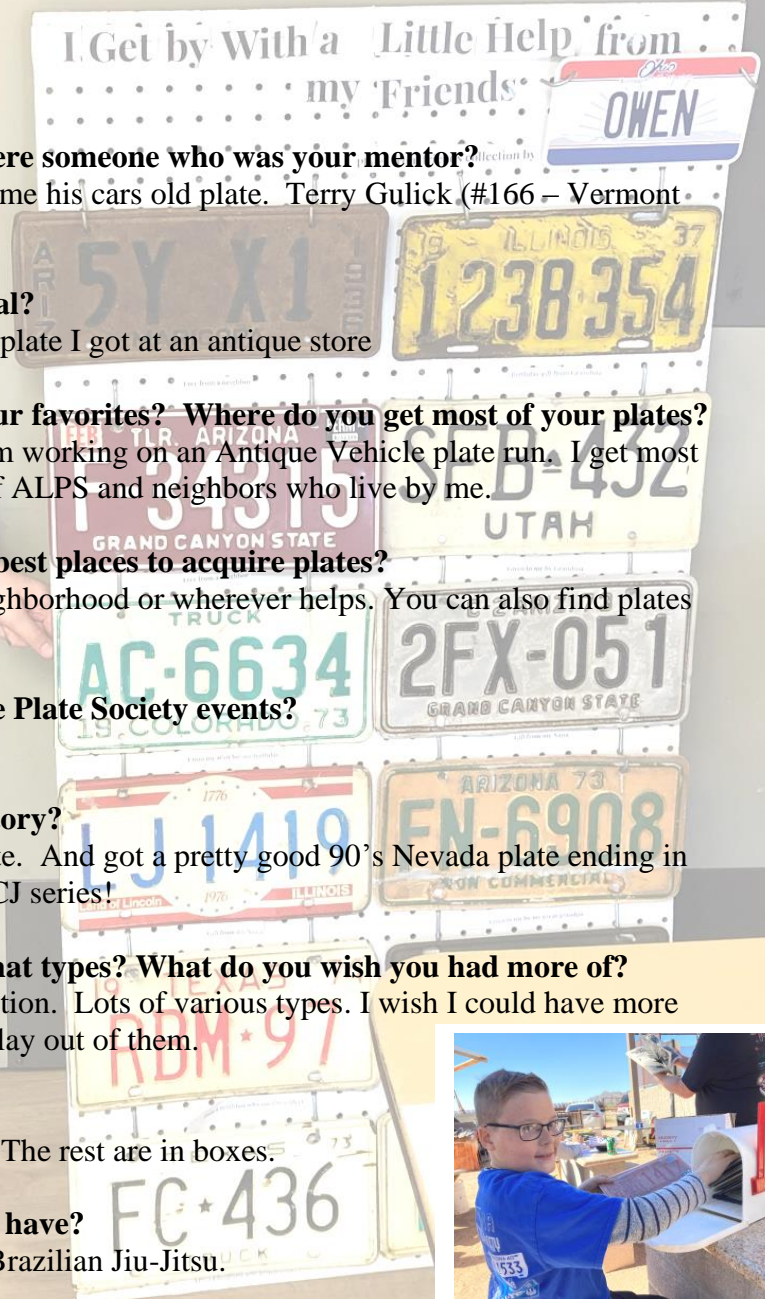

I have a little more than 500 plates in my collection. Lots of various types. I wish I could have more antique vehicle plates to display or make a display out of them.

Do you display your plates?

Yes I have them organized on the garage wall. The rest are in boxes.

What other non-license plate hobbies do you have?

I like to collect records and I enjoy training in Brazilian Jiu-Jitsu.
