

# Arizona License Plate Society SCRAPBOOK

On June 10, 2023, we returned to the Magma Club in historic Superior, Arizona. 35 attendees (29 members, 6 guests) attended our meet just as the summer heat was about to start and in anticipation of the first ALPCA "western" convention in many years. The day was relatively mild temperature wise most of the day so even sitting on the patio felt nice. Lunch was pizza by a local pizza place in Superior. As always, a great selection of plates (including lots of Joey Hurd plates) were available at this 1920 facility. Our display theme of "Plates acquired in the last year" brought three winners. **Dave Pinter's** display won 1<sup>st</sup>, **Dean Sandvold** takes 2nd and **Clark Wothe** takes 3<sup>rd</sup>. **Scott Broady** from San Francisco was our long distance award winner. A special and important shoutout to all our members that helped with tables and as a result we had enough for everyone.
