

# Arizona License Plate Society

## SCRAPBOOK

On September 28, 2024, 38 people (30 members, 8 guests) attended our fall meet at a new site – Toltec Community Center in Eloy. I would like to thank all of our wonderful ALPS members who helped out with bringing tables and helping us clean up after the meet. This is a site that can work for us for years to come. Trading started early and lasted throughout the morning. Our display theme of “Fun With Numbers” brought three unique displays of plates with all sorts of interesting back stories. In the end, Dean Sandvold won first place, Bob LaBrash took home second, and Clark Wothe walked away with third place. Scott Bentley from Australia was our long distance award winner. Thanks to all who attended!
