

# Arizona License Plate Society

## SCRAPBOOK

On July 26, 2025, 37 people (28 members, 9 guests) attended our summer meet in the old mining town of Superior Arizona at the historic 1920 Magma Club. The beautiful backdrop of Pinal Peak invited guests along US-60 to our summer meet. Trading started early and lasted throughout the morning. Our display theme of "Black License Plates" brought six unique displays of plates with all sorts of interesting back stories. In the end, Joe Griswold won first place, Dave Pinter took home second, and Dean Sandvold walked away with third place. Jeff Francis from Butte, Montana was our long distance award winner. Thanks to all who attended!
