

Arizona License Plate Society

SCRAPBOOK

On April 4, 2026, ALPS made our first ever visit to **Howie Glaser's** home and museum in the west valley town of Glendale. It was a beautiful April day for an outdoor meet. 58 people total, of which 42 were members and 16 guests. Lots of trading throughout the day and many visitors from out of state! We had awesome participation in the display contests with 5 displays in the theme "Red, White, and Blue" plates. **Scott Broady** took 1st, 2nd to **Bob LaBrash**, and 3rd to **Arlon Burns**. For lunch, the Glasers made available a grill so we were able to make brats and have the full ALPS lunch you have come to expect. Long Distance winner was **Scott Broady**. Throughout the day we had a series of small tours through Howie's private museum of Harley Davidson motorcycles and many sports cars, especially Corvettes. Thanks for all who attended this new site and see hope to see everyone at our next meet at Joe Findysz museum in Tucson!
