

Arizona License Plate Society

SCRAPBOOK

On October 3, 2026, 39 people (30 members, 9 guests) attended our late summer meet at the Toltec Community Center in the freeway close town of Eloy. Trading started early and lasted throughout the morning. The room was packed and many plates found new homes. As always, lunch for everyone and Sue Burns awesome dessert! Our display theme of "Plates acquired in the last two years" brought eight unique displays. In the end, Dean Sandvold won first place, Dave Pinter took home second, and Bob LaBrash walked away with third place. Scott Broady from San Francisco California was our long distance award winner. Thanks to all who attended!
